

STERLING CRANE

STERLING CRANE

Sterling Crane is one of the World's leading crane rental houses and has been operating in Canada for over 60 years and in the Conklin area for more than 30 years. With its Head Office in Edmonton, Alberta, Canada, Sterling has permanent branch operations in thirty locations throughout Canada and the U.S.A. Sterling Crane strives to leave a lasting positive impact in the areas in which it conducts business, and, in an effort to continue this practice, Heart Lake Construction and Sterling Crane have entered into an Alliance Agreement to strengthen the mutual business interest in the traditional territories surrounding the Reserve Lands of the Heart Lake First Nation. The purpose of this agreement is to include the Heart Lake community in the economic growth brought on by construction and maintenance projects as well as to provide training and meaningful employment to its members to equip them with the tools to be successful for many years to come.

Sterling's fleet, one of the largest and most diverse in the world, approaching 1,000 units, consists of Pick and Carry Cranes, Boom Trucks, Carry Decks, Rough Terrain, Mobile Hydraulic Trucks, All Terrain, Conventional Mobile, Conventional Crawler, Telescopic Crawler, Fork Lifts, Scheuerle Self Propelled Modular Transporters and various Transport Trucks and Trailers.

Value Added Services

- Safety management, compliance and historical performance record to fit with client's requirements.
- "Taxi" style fully operated and maintained equipment rental.
- Heavy haul, SPMT, Jack and Slide and transportation services.

- In house engineered rigging studies, feasibility and clearance studies.
- Specialty rigging services and rigging rentals (spreader bars, lifting beams, mats, man and material cages, etc.).
- Comprehensive insurance coverage with appropriate limits.
- Bare rented (dry hire) equipment.
- Cranes sales, parts and service.

All divisions of Sterling work in harmony to provide the highest level of expertise and quality of service to our customers. Sterling Crane was the first crane rental company in North America to achieve ISO registration. Our adherence to this internationally recognized quality standard has made us a safer and more productive company. This commitment to safety, service, quality equipment, and professional performance has enabled us to maintain our position as the leader in the crane rental industry for over 60 years.
